

67384.1 Scope

(a)

This chapter establishes the best management practices for perchlorate materials as described in section 67384.2.

(b)

A person may not manage perchlorate materials unless the management complies with the best management practices of this chapter.

(c)

Nothing in this chapter is a limitation on the power of any other governmental agency to adopt or enforce additional requirements related to the management of perchlorate materials.
