Division 4.5@ Environmental Health Standards for the Management of Hazardous Waste

|-&gt;

Chapter 40@ Selection and Ranking Criteria for Hazardous Waste Sites Requiring Remedial Action

|-&gt;

Section 67401.3@ Requirements for a Completed Preliminary Endangerment Assessment

## **67401.3 Requirements for a Completed Preliminary Endangerment Assessment**

### **(a)**

In making its recommendation to the Site Designation Committee pursuant to Health and Safety Code section 25396.5 (as it read on June 26, 2012), the Department shall consider the condition set forth in H&SC section 25396.6(b) (as it read on June 26, 2012) to be satisfied if the responsible person or persons requesting selection of the site have submitted documents that the Department determines constitute a completed Preliminary Endangerment Assessment (PEA) and the PEA: (1) provides sufficient information for the Department to determine that current or past waste management practices have resulted in the release or a threatened release of hazardous substances which pose a threat to public health or the environment; and (2) provides sufficient information for the Department to conclude that significant response actions are necessary at the site; and (3) includes an analysis of the scope and identity of the affected community.

### **(1)**

provides sufficient information for the Department to determine that current or past waste management practices have resulted in the release or a threatened release of hazardous substances which pose a threat to public health or the environment; and

### **(2)**

provides sufficient information for the Department to conclude that significant response

actions are necessary at the site; and

**(3)**

includes an analysis of the scope and identity of the affected community.
