Section 67450.20@ Conditionally Exempt Specified Waste Streams

67450.20 Conditionally Exempt Specified Waste Streams

(a)

The treatment activities listed in subdivision (b) may occur under a grant of conditional exemption for specified waste streams. The generator conducting such treatment must comply with the requirements of subdivisions (d) through (i) of Health and Safety Code Section 25201.5.

(b)

The following treatment activities are authorized for operation under a grant of conditional exemption for specified waste streams:(1) The treatment of formaldehyde or glutaraldehyde solutions using any technology that is certified as effective for that purpose by the department, pursuant to Health and Safety Code Section 25200.1.5. The treatment must be operated pursuant to all of the conditions imposed on the certification.

(1)

The treatment of formaldehyde or glutaraldehyde solutions using any technology that is certified as effective for that purpose by the department, pursuant to Health and Safety Code Section 25200.1.5. The treatment must be operated pursuant to all of the conditions imposed on the certification.
