Section 67900.3@ Publication of Announcement

67900.3 Publication of Announcement

(a)

When a project requiring architectural, landscape architectural, engineering, environmental or land surveying services of a value of over \$1 million is identified by the Department, an announcement shall be made by the Director through the State Contracting Register. In addition, the Director may selectively advertise to reach providers of services within the appropriate trade or profession by publishing the announcement through electronic communications media which support bulletin boards or Internet Web sites that have demonstrated statewide accessibility and are regularly maintained at established addresses by professional organizations which are representative of the services to be procured.

(b)

For projects where such services in each instance shall not exceed \$1 million, the Director may make annual announcements, published as above, which identify the general needs of the State.

(c)

The announcement shall contain the following minimal information: The nature of the work, the criteria upon which the award shall be made, and the time within which statements of interest, qualification and performance data must be received by the Director.
