Section 73475@ Occupational Therapy Service Unit-Equipment

73475 Occupational Therapy Service Unit-Equipment

(a)

Equipment necessary to enable patients to increase their functional capacity or capability shall be provided. This shall include, but not be limited to: (1)

Supportive slings, supportive and/or assistive hand splints and the materials from which to fabricate these and other assistive devices. (2) Adapted devices to aid in the performance of daily living skills such as eating, dressing, grooming, writing, with instruction for their use. (3) Equipment and supplies for creative skills to include but not be limited to leatherwork, weaving, needlework, ceramics, woodworking, painting and graphic arts. (4) Means and supplies for adapting equipment for reeducation in activities of daily living.

(1)

Supportive slings, supportive and/or assistive hand splints and the materials from which to fabricate these and other assistive devices.

(2)

Adapted devices to aid in the performance of daily living skills such as eating, dressing, grooming, writing, with instruction for their use.
