Copies of affiliation agreements, contract or written arrangements for advice, consultation, services, training or transportation, with other facilities, organizations or individuals, public or private agencies, shall be on file in the facility's administrative office. These shall be readily available for inspection and review by the Department. The agreement and/or contracts shall include, but not be limited to, the description of the services to be provided, the financial arrangements, the methods by which the services are to be provided to the particular patient, the conditions upon which the agreement or contract can be terminated.
