

74211 Patient Records

(a)

Patient records shall contain: patient's name and home address, age; client's name, if other than patient, and his home address; diagnosis, disabilities, name of attending physician; the amount of all fees, deposits, and remuneration received by the referral agency from the client, and date of receipt; and facility chosen by the client.

(b)

Information contained in the patient records shall be confidential, and disclosed only to authorized persons.
