

75026 Basic Services-General Requirements

(a)

Diagnostic, therapeutic, radiological, laboratory and other services for the care and treatment of patients for whom the clinic accepts responsibility shall be provided in the clinic, or arranged for by the clinic with other licensed, certified or registered providers.

(b)

All advice, diagnosis, treatment, drugs and appliances shall be provided only by persons authorized by law to provide such services.

(c)

A clinic shall only provide those services for which it is organized, staffed, and equipped. A primary care clinic shall provide at least the following: (1) Direction or supervision of each service provided by a person licensed, certified or registered to provide such service. (2) Written patient care policies and reference materials readily available to clinic personnel. (3) Equipment, apparatus and appliances required for the provision of all services offered to patients by the clinic.

(1)

Direction or supervision of each service provided by a person licensed, certified or registered to provide such service.

(2)

Written patient care policies and reference materials readily available to clinic personnel.

(3)

Equipment, apparatus and appliances required for the provision of all services offered to patients by the clinic.

(d)

The clinic may be required by the Department to obtain consultation where necessary to meet the patient care standards specified in these regulations.

(e)

If the clinic provides radiological services on the premises, it shall comply with Subchapter 4, Chapter 5, Title 17, California Administrative Code, and Subchapter 4, Chapter 5, Division T22, Part 6, Title 24, California Administrative Code.
