

## **77079.11 Pharmaceutical Services-Medication Distribution System**

### **(a)**

In facilities utilizing a unit dose medication system, there shall be at least a 24-hour supply of all patient medications on hand at all times, except those drugs which are to be discontinued within the 24-hour period. Drugs that are a part of a unit dose medication system shall not exceed a 48-hour supply.

### **(b)**

Facilities may utilize a floor stock medication system in lieu of a unit dose medication system.
