

§ 76665. Maintenance Manual.

(a) A written manual on maintenance of heating, air conditioning and ventilation systems shall be adopted by each facility.

(b) A maintenance log shall be maintained.

(c) Where maintenance is performed by an equipment service company, a certification shall be provided to the licensee that the required work has been performed in accordance with acceptable standards. This certification shall be retained on file in the facility.

Note: Authority cited: Section 208(a), Health and Safety Code. Reference: Section 1276, Health and Safety Code.
