

## **77079.13 Pharmaceutical Services-Equipment and Supplies**

### **(a)**

There shall be adequate equipment and supplies necessary for the provision of pharmaceutical services within the facility including at least the following: (1) Refrigerator with an accurate thermometer. (2) Lockable drug cabinets, drawers, closets or rooms. (3) Drug service trays and/or carts. (4) Drug preparation counter area and convenient water source. (5) Reference materials containing drug monographs on all drugs in use in the facility. Such monographs shall include information concerning generic and brand names, if applicable, available strengths, and dosage forms and pharmacological data including indications and side effects.

#### **(1)**

Refrigerator with an accurate thermometer.

#### **(2)**

Lockable drug cabinets, drawers, closets or rooms.

#### **(3)**

Drug service trays and/or carts.

#### **(4)**

Drug preparation counter area and convenient water source.

#### **(5)**

Reference materials containing drug monographs on all drugs in use in the facility.

Such monographs shall include information concerning generic and brand names, if applicable, available strengths, and dosage forms and pharmacological data including indications and side effects.

**(b)**

Emergency supplies shall be readily available at each facility. Emergency drug supplies shall meet the following requirements: (1) Legend drugs shall not be stored in the emergency supply, except under the following conditions; (A)

Injectable supplies of legend drugs shall be limited to a maximum of three single doses in ampules or vials or one container of the smallest available multi-dose vial and shall be in sealed, unused containers. (B) Sublingual or inhalation

emergency drugs shall be limited to single sealed containers of the smallest available size. (C) Not more than six emergency drugs in solid, oral dosage form

or suppository dosage form for anti-infective, anti-diarrheal, anti-nausea, or analgesic use may be stored if in sealed containers. Not more than four doses of

any one drug may be so stored. (2) The emergency drug supply shall be stored in a portable container which is sealed in such a manner that the tamper-proof

seal must be broken to gain access to the drugs. The registered nurse or charge nurse shall notify the pharmacist when drugs have been used from the emergency

kit or when the seal has been broken. Drugs used from the kit shall be replaced within 72 hours and the supply resealed by the pharmacist. (3) The contents of the

supply shall be listed on the outside of the container. (4) The supply shall be

checked at least once monthly by the pharmacist. (5) Separate records of use shall be maintained for drugs administered from the supply. Such records shall include

the name and dose of the drug administered, name of the patient, the date and time of administration and the signature of the person administering the dose.

**(1)**

Legend drugs shall not be stored in the emergency supply, except under the following conditions; (A) Injectable supplies of legend drugs shall be limited to a maximum of three single doses in ampules or vials or one container of the smallest available multi-dose vial and shall be in sealed, unused containers. (B) Sublingual or inhalation emergency drugs shall be limited to single sealed containers of the smallest available size. (C) Not more than six emergency drugs in solid, oral dosage form or suppository dosage form for anti-infective, anti-diarrheal, anti-nausea, or analgesic use may be stored if in sealed containers. Not more than four doses of any one drug may be so stored.
