

79251 Optional Services

(a)

In addition to the basic services as specified in Sections 79201 through 79221, a chemical dependency recovery hospital may be approved by the Department to provide one or more of the following optional services: (1) Medical detoxification. (2) Treatment programs for adolescents who have a chemical dependency.

(1)

Medical detoxification.

(2)

Treatment programs for adolescents who have a chemical dependency.

(b)

Any other services which are provided for the treatment of chemical dependency, but are not addressed in these regulations shall have the prior written approval of the Department.
