

82168.2 Needs and Services Plan

In addition to Section 82068.2 , the following shall apply:

(a)

If the licensee will use or it is reasonably expected the licensee will use manual restraint or seclusion with a client when that client is an imminent danger to self or others, the licensee shall develop an Individual Emergency Intervention Plan for that client. (1) The Individual Emergency Intervention Plan shall be based on the assessment required by Section 82068.2(h). (2) The Individual Emergency Intervention Plan shall be updated as needed to ensure it meets the safety needs of clients. (3) The client and authorized representative, if any, shall receive a copy of and approve the Individual Emergency Intervention Plan and any modification to the Plan prior to implementation.

(1)

The Individual Emergency Intervention Plan shall be based on the assessment required by Section 82068.2(h).

(2)

The Individual Emergency Intervention Plan shall be updated as needed to ensure it meets the safety needs of clients.

(3)

The client and authorized representative, if any, shall receive a copy of and approve the Individual Emergency Intervention Plan and any modification to the Plan prior to

implementation.
