

84087.3 Indoor Activity Space

(a)

As a condition of licensure, there shall be common rooms, including a living room, dining room, den or other recreation/activity room, which provide the necessary space and/or separation to promote and facilitate the program of planned activities specified in Section 84079; and to prevent such activities from interfering with other functions. (1) At least one such room shall be available to children for relaxation and visitation with friends and/or relatives.

(1)

At least one such room shall be available to children for relaxation and visitation with friends and/or relatives.
