

84775 Health Care Services

In addition to Section 80075 and Section 84075 , the following shall apply:

(a)

Prescription medications and treatments shall be administered by licensed staff according to their scope of practice and recorded in a child's record in accordance with Welfare and Institutions Code section 4684.68(b).

(b)

If a child is unable to determine their own need for prescription or nonprescription PRN medications, licensed facility staff are permitted to administer the medication according to the physician or authorized prescriber's instructions without the need to contact the physician or authorized prescriber prior to each dose.

(c)

In addition to physicians, all licensed medical professionals employed by a Group Home for Children with Special Health Care Needs shall be subject to the requirements of Section 80075(d).
