Section 86069@ Participant Medical Assessments

86069 Participant Medical Assessments

(a)

Prior to or within 30 calendar days following the acceptance of a participant, the licensee shall obtain a written medical assessment of the participant, as specified in Section 80069(b), which enables the licensee to determine their ability to provide necessary health related services to the participant. The assessment shall be used in developing the Needs and Services Plan. (1) The assessment shall be performed by a licensed physician or designee, who is also a licensed professional, and the assessment shall not be more than one year old when obtained.

(1)

The assessment shall be performed by a licensed physician or designee, who is also a licensed professional, and the assessment shall not be more than one year old when obtained.

(b)

The medical assessment shall include the following: (1) The results of an examination for communicable tuberculosis and other contagious/infectious diseases. (2) Identification of the participant's special problems and needs. (3) Identification of any prescribed medications being taken by the participant. (4) A determination of the participant's ambulatory status, as defined by Section 86001(n)(2). (5) Identification of physical restrictions, including any medically necessary diet restrictions, to determine the participant's capacity to participate

in the licensee's program.

(1)

The results of an examination for communicable tuberculosis and other contagious/infectious diseases.

(2)

Identification of the participant's special problems and needs.

(3)

Identification of any prescribed medications being taken by the participant.

(4)

A determination of the participant's ambulatory status, as defined by Section 86001(n)(2).

(5)

Identification of physical restrictions, including any medically necessary diet restrictions, to determine the participant's capacity to participate in the licensee's program.

(c)

The licensing agency shall have the authority to require the licensee to obtain a current written medical assessment, if such an assessment is necessary to verify the appropriateness of a participant's placement.
