

86523 Emergency Plan

(a)

The licensee shall develop and provide a current, written emergency plan to the Department and post a copy of the emergency plan in the crisis nursery.

(b)

The emergency plan shall include instructive procedures and information, telephone numbers for local emergency agencies, and a 24-hour emergency number for the licensee and the child's authorized representative.

(c)

The licensee shall ensure that staff understand and are capable of implementing the emergency plan.

(d)

Emergency training exercises shall be conducted at least every six months. (1) Completion of such training exercises shall not require travel away from the crisis nursery grounds or contact with local emergency agencies. (2) Emergency training exercises shall be documented, signed and maintained on file in the crisis nursery for at least one year.
