Section 87920@ Scheduled and Controlled Drugs/Medications

87920 Scheduled and Controlled Drugs/Medications

(a)

For medications/drugs determined by the Drug Enforcement Administration to be in the categories of "Scheduled or Controlled", the following shall apply: (1) The licensee shall be responsible for obtaining a list from the pharmacist of the scheduled and/or controlled drugs in use in the facility. (2) All such drugs/medications shall be centrally stored. (3) All such drugs shall be kept in a locked container inside a safe locked place. (4) There shall be one key only for the locked container which is held by the administrator or designated person who is on the premises at the time. (5) At the change of shift the incoming staff person shall count the medications/drugs with the outgoing staff person and obtain the key for the locked medication. (6) There shall be a separate medication record maintained regarding the giving of the medication/drug which shall contain: (A) Name of the resident. (B) Name of medication/drug, strength and dosage. (C) Prescribing physician. (D) Dispensing pharmacist. (E) Number of pills dispensed. (F) Time and date medication/drug was taken. (G) Results of pain medication/drug. (H) Side effects, if any.

(1)

The licensee shall be responsible for obtaining a list from the pharmacist of the scheduled and/or controlled drugs in use in the facility.

(2)

All such drugs/medications shall be centrally stored.

(3)

All such drugs shall be kept in a locked container inside a safe locked place.

(4)
