

96051.24 Definition of Multiple Violations Identified During the Same Investigation, for the Purpose of Penalty Assessments

(a)

For the purposes of this chapter, all violations arising out of an investigation resulting from a complaint filed by a patient pursuant to Health and Safety Code section 127436(b), are subject to one penalty assessment.

(b)

For purposes of this chapter, "investigation" is defined as information arising out of a single complaint, filed by a single patient, or the patient's authorized representative, regarding a single bill.

(c)

Violations discovered during the investigation regarding other patients, or other bills, are excluded from this definition.
