97390 Applications for Non-Confidential Program Data

(a)

Data Application. To request program data that does not contain confidential data, an individual or organization must electronically submit an application with all of the following: (1) Date of application. (2) Name of the data applicant, and whether an individual or type of organization. (3) Whether the data applicant submits data to the program. (4) Name, title, phone number, business address, and email address of the applicant, if an individual, or the authorized representative. (5) A detailed description of the requested data to allow the Department to determine whether the data exists, or whether it can be created. (6) An explanation why the data applicant wants the data, including a description of the data use, the applicant's goals, and how the data will be used for purposes consistent with the program. (7) How the data applicant wants to receive the data, either through the enclave or direct transmission. (8) If accessed through the enclave, anticipated length of time the data applicant wants the data available. (9) Project title. (10) Signature of the data applicant, if an individual, or the authorized representative, and the date of signature. This signature shall certify that the information provided in the application is true and correct.
