

97510.47 Dietetic Service-Outside Food Service

(a)

A facility may contract to have food supplied by an outside food service.

(b)

If food is provided by an outside food service, all applicable requirements herein set forth shall be met.

(c)

If food is provided by an outside food service, the facility shall maintain adequate space, equipment and staple food supplies to provide patient food service in emergencies.

(d)

The Office retains the right to inspect outside food service providers for compliance with requirements.
