Section 97510.33@ Disposition of Drugs

## **97510.33 Disposition of Drugs**

### **(a)**

Drugs which have been dispensed for individual patient use and are labeled in conformance with State and Federal law for outpatient use shall be furnished to patients on discharge unless: (1) The discharging physician specifies otherwise, or (2) The drug was discontinued prior to discharge, or (3) The labeled directions for use are not substantially the same as the most current orders for the drug in the patient's record.

#### **(1)**

The discharging physician specifies otherwise, or

#### **(2)**

The drug was discontinued prior to discharge, or

#### **(3)**

The labeled directions for use are not substantially the same as the most current orders for the drug in the patient's record.

### **(b)**

A record of the drugs sent with the patient shall be made in the patient's record.

### **(c)**

Patient's drugs supplied by prescription which have been discontinued and those which remain in the facility after discharge of the patient shall be destroyed in the following manner: (1) Drugs listed in Schedules II, III or IV of the Federal

Comprehensive Drug Abuse Prevention and Control Act of 1970, as amended, shall be destroyed in the presence of two pharmacists or a pharmacist and a registered nurse employed by the facility. The name of the patient, the name and strength of the drug, the prescription number, the amount destroyed, the date of destruction and the signatures of the witnesses required above shall be recorded in the patient's medical record or in a separate log. Such log shall be retained for at least three years. (2) Drugs not listed under Schedules II, III or IV of the Federal Comprehensive Drug Abuse Prevention and Control Act of 1970, as amended, shall be destroyed in the presence of a pharmacist.

**(1)**

Drugs listed in Schedules II, III or IV of the Federal Comprehensive Drug Abuse Prevention and Control Act of 1970, as amended, shall be destroyed in the presence of two pharmacists or a pharmacist and a registered nurse employed by the facility. The name of the patient, the name and strength of the drug, the prescription number, the amount destroyed, the date of destruction and the signatures of the witnesses required above shall be recorded in the patient's medical record or in a separate log. Such log shall be retained for at least three years.

**(2)**

Drugs not listed under Schedules II, III or IV of the Federal Comprehensive Drug Abuse Prevention and Control Act of 1970, as amended, shall be destroyed in the presence of a pharmacist.
