

97530.3 Administrator

(a)

Each facility shall employ or otherwise provide an Administrator to carry out the policies of the governing body.

(b)

The Administrator shall be responsible for the administration and management of only one facility.

(c)

The Administrator shall assure that all employees serving patients or the public shall wear name and title badges.

(d)

A copy of the current regulations contained in this chapter shall be maintained by the Administrator and shall be available to all personnel.

(e)

The Administrator shall be responsible for informing appropriate staff of the applicable additions, deletions and changes in postsurgical recovery care facility regulations.

(f)

The Administrator shall be responsible for informing the Office via telephone within 24 hours of any unusual occurrences as defined in section 97530.35. If the unusual occurrence involves the discontinuance or disruption of services occurring

during other than regular business hours of the Office, a telephone report shall be made immediately upon the resumption of business hours of the Office.

(g)

The Administrator shall notify the Office within 24 hours of any deaths or medical emergencies occurring in the facility.
