

100027.02 Authorized Skills for Public Safety First Aid Providers

(a)

A Public safety first aid provider, after completion of training and demonstration of competency to the satisfaction of the approved training provider for each skill listed in this section, is authorized to perform medical care while at the scene of an emergency including, but not limited to, CPR and AED and may do any of the following: (1) Evaluate the ill and injured. (2) Provide treatment for shock. (3) Use the following techniques to support airway and breathing: (A) Manual airway opening methods, including head-tilt chin-lift and/or jaw thrust; (B) Manual methods to remove an airway obstruction in adults, children, and infants; (C) Use the recovery position. (4) Perform the following during emergency care: (A) Spinal immobilization; (B) Splinting of extremities; (C) Emergency eye irrigation using water or normal saline; (D) Assist with administration of oral glucose; (E) Assist patients with administration of physician-prescribed epinephrine devices and naloxone; (F) Assist in emergency childbirth; (G) Hemorrhage control using direct pressure, pressure bandages, principles of pressure points, and tourniquets. Hemostatic dressings may be used from the list approved by the EMS Authority; (H) Chest seals and dressings; (I) Simple decontamination techniques and use of decontamination equipment; (J) Care for amputated body parts; (K) Provide basic wound care.

(1)

Evaluate the ill and injured.

(2)

Provide treatment for shock.

(3)

Use the following techniques to support airway and breathing: (A) Manual airway opening methods, including head-tilt chin-lift and/or jaw thrust; (B) Manual methods to remove an airway obstruction in adults, children, and infants; (C) Use the recovery position.

(A)

Manual airway opening methods, including head-tilt chin-lift and/or jaw thrust;

(B)

Manual methods to remove an airway obstruction in adults, children, and infants;

(C)

Use the recovery position.

(4)

Perform the following during emergency care: (A) Spinal immobilization; (B) Splinting of extremities; (C) Emergency eye irrigation using water or normal saline; (D) Assist with administration of oral glucose; (E) Assist patients with administration of physician-prescribed epinephrine devices and naloxone; (F) Assist in emergency childbirth; (G) Hemorrhage control using direct pressure, pressure bandages, principles of pressure points, and tourniquets. Hemostatic dressings may be used from the list approved by the EMS Authority; (H) Chest seals and dressings; (I) Simple decontamination techniques and use of decontamination equipment; (J) Care for amputated body parts; (K) Provide basic wound care.

(A)

Spinal immobilization;

(B)

Splinting of extremities;

(C)

Emergency eye irrigation using water or normal saline;

(D)

Assist with administration of oral glucose;

(E)

Assist patients with administration of physician-prescribed epinephrine devices and naloxone;

(F)

Assist in emergency childbirth;

(G)

Hemorrhage control using direct pressure, pressure bandages, principles of pressure points, and tourniquets. Hemostatic dressings may be used from the list approved by the EMS Authority;

(H)

Chest seals and dressings;

(I)

Simple decontamination techniques and use of decontamination equipment;

(J)

Care for amputated body parts;

(K)

Provide basic wound care.

(b)

The authorized skills of a public safety first aid provider shall not exceed those

activities authorized in this section.
