Section 101538.2@ Outdoor Activity Space for School-Age Children

101538.2 Outdoor Activity Space for School-Age Children

(a)

In addition to Section 101238.2, the following shall apply:

(b)

In each combination program and each single license child care center, outdoor activity space provided for school-age child care center children shall be physically separated from space provided for other child care center children. (1) Physical separation between school-age and other child care center children shall not apply when a planned activity is being conducted.

(1)

Physical separation between school-age and other child care center children shall not apply when a planned activity is being conducted.

(c)

Each school-age child care program and each single license child care center operating with only school-age children that meets the requirements of Health and Safety Code Section 1596.806 is exempt from square-footage requirements for outdoor activity space. (1) Health and Safety Code Sections 1596.806(b), (b)(1) and (d) pertain to the exemption from square-footage requirements for outdoor activity space for each school-age child care program and each single license child care center operating with only school-age children that meet the requirements of Health and Safety Code Section 1596.806.

(1)

Health and Safety Code Sections 1596.806(b), (b)(1) and (d) pertain to the exemption from square-footage requirements for outdoor activity space for each school-age child care program and each single license child care center operating with only school-age children that meet the requirements of Health and Safety Code Section 1596.806.

(d)

The exemption from square-footage requirements for outdoor activity space is only valid if the entire program is operated in accordance with Health and Safety Code Section 1596.806.
