

117402 Disclosure of Information on Uniform Interstate Family Support Act Pleadings

(a)

A local child support agency shall advise the custodial party of the requirement to disclose their personal information, as defined in Civil Code of Procedures Section 1798.3(a), on pleadings in Uniform Interstate Family Support Act cases and the right of the custodial party to sign an "Affidavit of Non-Disclosure," DCSS 0722 (08/20/2023), which is incorporated by reference, to keep their personal information off the documents, if disclosure may put at risk the health, safety or liberty of a party. The "Affidavit of Non-Disclosure Cover Letter," DCSS 0758 (08/20/2023), which is incorporated by reference, provides directions for the "Affidavit of Non-Disclosure," DCSS 0722 (08/20/2023).

(b)

A local child support agency shall use the term "nondisclosure" on the Uniform Interstate Family Support Act documents upon receipt of a declaration or affidavit signed under oath or "Affidavit of Non-Disclosure," DCSS 0722 (08/20/2023) stating that the health, safety, or liberty of a party or child would be unreasonably put at risk by the disclosure of identifying information. The local child support agency shall attach the declaration, affidavit, or "Affidavit of Non-Disclosure," DCSS 0722 (08/20/2023) to the appropriate action form when transmitting a case to another state.
