Item Rationale

This item directs a check of the resident's clinical record to determine if the resident and/or family, etc. have indicated on a previous OBRA comprehensive assessment (A0310A = 01, 03, 04 or 05) that they do not want to be asked question Q0500B until their next comprehensive assessment. Some residents and their families do not want to be asked about their preference for returning to the community and would rather not be asked about it. Item Q0490 allows them to opt-out of being asked question Q0500B on *Quarterly* (non-comprehensive) assessments. If there is a notation in the clinical record that the resident does not want to be asked again, and this is a *Quarterly* assessment, then skip to item Q0610, **Referral**. Q0500B is, however, mandatory on all comprehensive assessments.

Note: Let the resident know that they can change their mind about requesting information regarding possible return to the community at *any* time and should be referred to the LCA if they voice this request, regardless of schedule of MDS assessment(s).

If this is a comprehensive assessment, do not skip to item Q0610, continue to item Q0500B.

Examples

1. *Resident* G is a 45-year-old *individual weighing* 300 pounds who is cognitively intact. *They have congestive heart failure* and shortness of breath requiring oxygen at all times. *Resident* G also requires 2 person assistance with bathing and transfers to the commode. *They were* admitted to the *NH* 3 years ago after *their adult child* who was caring for *them* passed away. *During their Quarterly assessment*, the *NH* social worker discussed options in which *they* could be cared for in the community but *Resident* G refused to consider leaving the *NH*. During the review of *their* clinical record, the assessor found that on *their* last MDS assessment, *Resident* G stated that *they* did not want to be asked again about returning to community living, that *they have* friends in the *NH* and really like the activities.

Coding: Q0490 would be **coded 1, Yes, skip to Q06 10; because this is a Quarterly assessment.**

If this *was* a comprehensive assessment, then proceed to the next item Q0500B.

Rationale: On *their* last MDS 3.0 assessment, *Resident* G indicated *their* preference to not want to be asked again about returning to community living (*0. No* on Q0550A).

2. *Resident* R is an 82-year-old *widowed individual* with advanced Alzheimer's disease. *They have* resided at the nursing home for 4½ years and *their* family requests that *they* not be interviewed because *they* become agitated and upset and cannot be cared for by family members or in the community.

Coding: Q0490 would be **coded 1, Yes, skip to Q06 10.**

If this is a comprehensive assessment proceed to the next item, Q0500B.

Rationale: *Resident* R's family requests that *they* opt out of the return to the community question because *they* become agitated *when asked about return to community. They are only asked with comprehensive assessments.*
