

HPMS E-Mail

Date: May 29, 2020

Subject: Release of the 2021 State Pharmaceutical Assistance and AIDS Drug Assistance Programs (SPAP/ADAP) Module

The 2021 State Pharmaceutical Assistance and AIDS Drug Assistance Programs (SPAP/ADAP) module is now ready for states/territories to proceed with their annual attestations. We are requesting that SPAP/ADAP programs submit 2021 attestations by August 1, 2020. For states that entered data for 2020, the 2021 SPAP/ADAP module will be prepopulated with any contact and benefit data entered during the 2020 process.

You can access your existing SPAP/ADAP through the Health Plan Management System (HPMS) at the following link: <https://hpms.cms.gov> and enter your User ID and Password. On the HPMS Home Page, select SPAP/ADAP under Contract Management to access the SPAP/ADAP start page and then select the **Edit** option. Update your current attestation as needed and select the confirm option before submission.

We appreciate your efforts to help us maintain updated contacts/information for all Data Service Agreements. For additional questions about your annual attestation please contact the following mailbox: spap@cms.hhs.gov.
